BUDGET REQUEST

The Glendale Education Foundation will offer two highly-competitive **\$1,000 "Venture Grants"** to each school (\$2,000 budgeted for both elementary and high school). **The focus of these grants are identical to our "Challenge Grants for Teachers": original, unique, student-based proposals for projects that are not necessarily school district-funded.** The difference is that with this grant you truly need more funding than the \$500 of a regular grant: higher-level equipment, resource (presenter) charges above average fees, field trip expenses higher for bus transportation, tickets, etc.)

Other requirements:

- A teacher applicant can only be a part of only one grant per application/year (including Challenge Grant...)
- You need all required signatures for accountability and all deadlines must be met!
- Any unspent money must be returned to the Glendale Education Foundation when you complete evaluation.
- Any items or equipment purchased with this grant become the property of Glendale School District.
- Photographed documentation of student project activities are mandatory (on a USB card or CD)

PROJECT SUMMARY: Write a clear description of what exactly you plan to do with these expanded grant funds—showing evidence of planning and budgeting
